# Key Elements in the Pedagogic Model of Faith InfoTech

# Feedback from our Program Participants

“The entire team of faculty and management was a great source of encouragement for me, and I got placed in a Technopark company. This opportunity gave a solid start for my career as an IT professional.”

**Unnikrishnan M.N.**  
(SAP Technical Consultant,  
TCS, Kochi )

“The course really helped me to get into Accenture, which changed my life completely. I was from electronics background and had less knowledge in programming. The training not only helped me to get into Accenture, but also helped me to perform well in my present assignment as DB designer. ”

**Praveen M.S.**  
(DB Designer, Accenture,  
Virginia)

“Training at the institute was absolutely wonderful. It was instrumental in widening the horizons of knowledge, improving the confidence level etc. ”

**Leena Mary Joseph**  
(Software Engineer, IBS,  
Technopark, Trivandrum)
